March 8, 2021

Dear Valued Customers,

We have received another round of price increase notifications' from all our Residential Roofing Manufacturers effective late March and early next month.

We have no choice but to implement a price increase to be effective on all shipments beginning Monday April 12, 2021. We will increase our shingle prices 5-9%. Please plan accordingly.

We appreciate your continued support and loyalty during these challenging times. We encourage you to continue to utilize the Mueller OTG (On The Go) Service designed for added convenience. Please know it is an honor to consider you part of our Mueller Family!

Kindest Regards,
